IFSCA Grade A Exam Pattern

- ✓ Phase 1- Online Exam
- ✓ Phase 2- Online Exam
- ✓ Phase 3- Interview

IFSCA Grade A Phase 1 Exam Pattern:

- Phase 1 of the IFSCA Grade A exam comprises 2 papers, which will consist of multiple-choice questions. You are required to secure a minimum cut-off of 30% in Paper 1 and 40% in Paper 2. Apart from that, you also need to secure an aggregate cut-off of 40% in the Phase 1 exam to be shortlisted for the next phase, i.e., Phase 2.
- Furthermore, the IFSCA Grade A Phase 1 exam will be qualifying in nature, and marks obtained by the candidates in Phase 1 will not be counted for final selection. Please refer to the table below for more details on the IFSCA Grade A Phase 1 exam pattern 2024.

Paper	Subject	No .Of Question	Maximum Marks	Duration	Cut Off
Paper 1	Quantitative Aptitude	25	25	1 hour	30%
	English language	25	25		
	Test of Reasoning	25	25		
	General awareness (financial sector)	25	25		
Total	100	100			
Paper 2	Current events of national and international importance, Economic and social development (sustainable development, poverty, inclusion, and demographics), General knowledge, Commerce, Accountancy, Management, Finance and costing, Indian Economy, Global Economy, Five-year plans, Central Government's initiatives/ Schemes in the financial sector.	50	100	1 hour	40%

IFSCA Grade A Phase 2 Exam Pattern:

- Phase 2 of the IFSCA Assistant Manager also comprises 2 papers. Paper 1 will consist of a Descriptive English Test, while Paper 2 will consist of multiple-choice questions.
- The minimum cut-off for Paper 1 is 30%, and for Paper 2, the minimum cut-off is 40%. Furthermore, you also need to secure an aggregate cut-off of 40% in Phase 2 to be shortlisted for the Interview. The details of the IFSCA Grade A Phase 2 exam pattern are given below.

Paper	Subject	No. of Questions	Maximum Marks	Duration	Cut Off	Weightage
Paper 1	Essay Writing	30	100	1 hour	30%	1/3rd
	Precis Writing	35				
	Comprehension	35				
Total	100	100				
Paper 2	IFSCA Act, Union Budget, Economic Survey, Banking, Capital Market, Insurance, Pension Funds, Bullion, GIFT City, GIFT IFSC, IFSCA, Global Financial Centres etc.	50	100	1 hour	40%	2/3rd

IFSCA Grade A Marking Pattern:

Marking Pattern	Considered Marks
For correct answers	• Phase 1 Paper 1 - 1 marks each question • Phase 1 Paper 2 & Phase 2 Paper 2 - 2 marks each question
For wrong answers	-0.25/ 1/4 of marks assigned to the question
For not attempted	0 (no marks)

Interview:

- Candidates who qualify for the Phase 2 exam will proceed to the third and final round, which is the Interview. However, only candidates up to three times the number of vacancies will be called for the interview.
- The weightage of marks obtained in Phase 2 and the Interview will be in the ratio of 85:15, respectively. This means that 85% of the final score will be based on the marks obtained in Phase 2, while the remaining 15% will be based on the performance in the Interview.

IFSCA Grade A Syllabus

Phase 1 Syllabus:

Subjects	Topics
English Language	Tense, Parts of Speech, Direct Indirect Speech, Active passive voice, Articles and Determiners, Cloze Passage, Fillers, Reading Comprehension, Sentence Rearrangement / Parajumbles, Spotting Errors, Idioms and Phrases, Sentence Improvement, Coherent paragraph, Vocabulary, Section Test English Language, Sentence Connectors, Match the column, Subject Verb Agreement, Word Swapping / Replacement, Word Usage, Phrasal Verbs, The Hindu Editorial Discussions
Quantitative Aptitude	No. System, Percentage, Profit and loss, Ratio and proportion, Partnership, Average, Alligation, Simple and compound interest, Time and distance, Trains, Permutation and combination, Probability, Quadratic equation, Series, Mensuration, DI, Age, HCF and LCM, Simplification, Approximation, Time and work and Pipe and Cisterns, Short Cut Tricks, Section Test Quant, Caselet DI, Venn diagram
Reasoning Aptitude	Coding Decoding, Commonsense Reasoning, Coded Inequalities, Syllogism, Seating Arrangement, Puzzles, Coded Blood Relationship, Input Output, Direction and Distance, Ranking, Section Test Reasoning, Analytical Reasoning,
General Awareness	Economy and Banking and Finance Static Concepts, Static GA, Budget and Economic Survey, Summary of Yojana Magazine and MCQ, Important Reports and Indices, Government Schemes, Monthly Quiz General Awareness, Beepedia, Economy and Banking and Finance Current Affairs, PIB Current Affairs
Economic and Sustainable Development	Growth and Sustainable development, Inclusion and Demographic
Finance	Financial Institutions, Basics of Derivatives, Financial Markets, Money Market, Capital Market, Financial Inclusion, Alternate Sources of Finance, Bonds and Bond Market, Mutual Funds, RBI and SEBI Circulars, Financial System
Management	The Management Basics, Leadership Concept, Human Resource Development, Motivation, Communication, Section Test Management
Indian and Global Economy	Indian Economy, Global Economy

IFSCA Grade A Phase 1 - Paper 1

Quantitative Aptitude –

1. The average age of three children in a family is 35% of the average of the age of father and the eldest child. The total age of the mother and the younger child is 43 years. If the father's age is 32 years, what is the age of the second child?
- A. 20 years
 - B. 18 years
 - C. 15 years
 - D. None of these
 - E. cannot be determined

Answer: E

2. A shopkeeper sold an article after giving a discount of 23% and made a profit of Rs.26. Find the difference between the marked price and selling price of the article if cost price of the article is Rs.590.

- A. 194
- B. 184
- C. 160
- D. 243
- E. None of the above

Answer – B

3. The average number of books on history, polity and geography in a library is 144, and the average number of books on history and geography is 140. If the number books on geography is 25% less than the number of books on polity, then what is the number of books on history in the library?

- A. 161
- B. 162
- C. 166
- D. 156
- E. None of these

Answer -C

4. A and B together start a business with investment of Rs. 2500 and Rs. $(x + 500)$, respectively. If the profit earned after 5 years is Rs. 8000 and share of A is Rs. 4000, then find the value of x .

- A. 1650
- B. 1850
- C. 1500
- D. 2000
- E. None of these

Answer – D

5. Simple interest received at the rate of 12% p.a. for 10 years on a principal amount of Rs. 3600 is twice of the simple interest received at 10% p.a. for 6 years on the principal amount of Rs. 'X'. Find the value of 'X'.

- A. 3200
- B. 3300
- C. 3500
- D. 3600
- E. None of these

Answer – D

6. Read the table below carefully and answer the questions that follow. The Table shows the total number of students in four different colleges and the % of students who appeared for an entrance examination in physics and Math's.

College	Total no of students	% of students appeared	
		Physics	Maths
P	900	25%	14%
Q	800	20%	12%
R	720	35%	20%
S	450	20%	24%

What is the total number of students who didn't appear for both the Math's and physics exams from Q and R?

- A. 864
- B. 866
- C. 868
- D. 764
- E. 768

Answer – C

7. Read the table below carefully and answer the questions that follow. The Table shows the total number of students in four different colleges and the % of students who appeared for an entrance examination in physics and Math's.

College	Total no of students	% of students appeared	
		Physics	Maths
P	900	25%	14%
Q	800	20%	12%
R	720	35%	20%
S	450	20%	24%

What number of students who appeared for the Math's exam from Q is what % of the number of students who appeared for the physics exam from P?

- A. $121\frac{1}{4}\%$
- B. $128\frac{1}{3}\%$
- C. $125\frac{1}{4}\%$
- D. $135\frac{1}{4}\%$
- E. none of these

Answer- B

8. Read the table below carefully and answer the questions that follow. The Table shows the total number of students in four different colleges and the % of students who appeared for an entrance examination in physics and Math's.

College	Total no of students	% of students appeared	
		Physics	Maths
P	900	25%	14%
Q	800	20%	12%
R	720	35%	20%
S	450	20%	24%

What is the ratio of the number of students who appeared for the math's exam from P and R together to those who appeared for the physics exam from Q and S together?

- A. 22:25
- B. 23:25
- C. 17:25
- D. 27:25
- E. none of these

Answer – D

9. Read the table below carefully and answer the questions that follow. The Table shows the total number of students in four different colleges and the % of students who appeared for an entrance examination in physics and Math's.

College	Total no of students	% of students appeared	
		Physics	Maths
P	900	25%	14%
Q	800	20%	12%
R	720	35%	20%
S	450	20%	24%

What is the difference in the number of students who appeared for the Math's exam from Q and R together and the number of students who appeared for the physics exam from P and S together?

- A. 50
- B. 55
- C. 65

D. 75

E. 85

Answer – D

10. Read the table below carefully and answer the questions that follow. The Table shows the total number of students in four different colleges and the % of students who appeared for an entrance examination in physics and Math's.

College	Total no of students	% of students appeared	
		Physics	Maths
P	900	25%	14%
Q	800	20%	12%
R	720	35%	20%
S	450	20%	24%

What is the total number of students who appeared for the Math's exam from all the colleges?

A. 450

B. 472

C. 374

D. 474

E. none of these

 Mock Tests for
Phase I & II

**PHASE
I + II**

Enroll Now

11. In the following questions, two equations numbered I and II are given. You have to solve both the equations and give answer.

I. $x^2 + 20x + 96 = 0$

II. $y^2 - 6y + 8 = 0$

- A. if $x > y$
- B. if $x \leq y$
- C. if $x \geq y$
- D. if $x < y$
- E. None

Answer – D

12. In the following questions, two equations numbered I and II are given. You have to solve both the equations and give answer.

I. $x^2 - x - 20 = 0$

II. $y^2 + 2y - 35 = 0$

- A. if $x = y$ or the relationship cannot be established
- B. if $x < y$
- C. if $x \leq y$
- D. if $x \geq y$
- E. None

Answer – A

13. In the following questions, two equations numbered I and II are given. You have to solve both the equations and give answer.

I. $3x^2 - 8x - 51 = 0$

II. $4y^2 - 25y + 39 = 0$

- A. if $x = y$ or the relationship cannot be established
- B. if $x < y$
- C. if $x \leq y$
- D. if $x \geq y$
- E. None Of These

Answer - A

14. In the following questions, two equations numbered I and II are given. You have to solve both the equations and give answer.

I. $16x^2 - 46x + 30 = 0$

II. $6y^2 + 22y + 16 = 0$

- A. if $x < y$
- B. if $x > y$
- C. if $x \leq y$
- D. if $x \geq y$
- E. None

Answer – B

15. Rs. 9500 is invested in scheme 'A' for 3 years and Rs. 8000 is invested in scheme 'B' for 2 years. Scheme 'A' offers simple interest of 16% p.a. If the interest received from both the schemes are equal, then find the rate of simple interest (p.a.) offered by scheme 'B'.

- A. 48.5%
- B. 48.5%
- C. 38.5%
- D. 28.5%
- E. None of these

Answer – D

16. Ratio of speeds of 'A' and 'B' is 4:9, respectively. If they participate in a 270-metre race and 'B' gives 'A', a head start of 'm' metres, then they finish the race at the same time. Find the value of 'm'.

- A. 120 metres
- B. 130 metres

- C. 140 metres
- D. 150 metres
- E. 130 metres

Answer – D

17. In the following questions, two equations numbered I and II are given. You have to solve both the equations and give answer.

I. $x^2 - 17x + 66 = 0$

II. $2y^2 - 57y + 361 = 0$

- A. If $x = y$ or Relationship between x & y cannot be established.
- B. If $x > y$
- C. If $x < y$
- D. If $x \geq y$
- E. If $x \leq y$

Answer – A

18. 200 metre long train 'A' can cross a platform of length 180 metres in 10 seconds. If the speed of train 'B' is 6 m/s more than that of train 'A', then find the distance travelled by train 'B' in 5 hours.

- A. 792 km
- B. 782 km
- C. 772 km
- D. 762 km
- E. None of these

Answer – A

19. Speed of current is equal to 35% of speed of boat in still water. If the boat takes 7 hours to cover 140 km in still water, then find the time taken by the boat to cover 91 km in upstream.

- A. 4 hours
- B. 5 hours

- C. 6 hours
- D. 7 hours
- E. 8 hours

Answer – D

20. Present ages of P and Q are in the ratio 3:7 respectively. If Q's age, 10 years hence from now will be 5 times of P's age, 6 years ago from now, then find the present age of Q.

- A. 20 years
- B. 25 years
- C. 35 years
- D. 30 years
- E. None of these

Answer – C

21. Find the value of (?) in the following questions:

$$(2197)^{1/3} + (18)^2 - 121 = ? - 69 \times 5$$

- A. 441
- B. 561
- C. 551
- D. 491
- E. 400

Answer – B

22. Find the value of (?) in the following questions:

$$2222 \div 22 + 992 \div 16 + 650 \div 25 = ?$$

- A. 140
- B. 179
- C. 169
- D. 189
- E. 200

Answer -D

23. Find the value of (?) in the following questions:

$$5/13 \times 104 + 1(2/9) \times 198 = 133 + ?$$

- A. 149
- B. 159
- C. 119
- D. 139
- E. 178

Answer – A

$$24. \{(481 + 426) 2 - 4 \times 481 \times 426\} = ?$$

- A. 3025
- B. 2025
- C. 4200
- D. 3060
- E. 3210

Answer - A

25. What will come in the place of (?) mark in following questions?

$$(\sqrt{196} + \sqrt{121}) \times 4 = ?/2$$

- A. 150
- B. 120
- C. 220
- D. 200
- E. 250

Answer - D

Reasoning –

1. In the questions given below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Few Kites are Clouds

Some Sticks are Kites

All Kites are Pastes

Conclusion:

I. Some Sticks are Pastes

II. No Cloud is a Paste

III. All Clouds can be Sticks

- A. Only conclusions I and III follow
- B. Only conclusion I and II follows
- C. Only conclusions II and III follow
- D. Only conclusions II follow
- E. All the conclusions follow

Answer – A

2. In the questions given below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Only a few Chairs are Desks

Few Desks are Stools

No Desk is a Board.

Conclusion:

I. All Chairs can be Boards

II. All Boards can be Stools

III. Some Chairs are Stools

- A. Only conclusions I and III follow
- B. Only conclusion I and II follows
- C. Only conclusions II and III follow
- D. Only conclusions II follow
- E. None of the conclusions follow

Answer - D

3. In the questions given below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

A few Meeting is Timing.

No Timing is Schedule.

Only a few Schedule is Place.

Conclusion:

I. A few Place are not Timing.

II. No Schedule being Meeting is a possibility.

III. A few Meeting being Schedule is a possibility.

- A. Only conclusion III follows
- B. Only conclusion I and conclusion II follow
- C. Only conclusion I follows
- D. Only conclusion II follows
- E. All three conclusions I, II and III follow

Answer – E

4. In the questions given below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Only a few Jasmine is Lotus.

Only a few Lotus is Lilies.

A few Lilies is Rose.

Conclusion:

- I. A few Jasmine is not Lilies.
 - II. All Lotus being Jasmine is a possibility.
 - III. All Rose being Lilies is a possibility.
- A. Only conclusion III follows
 - B. Only conclusion I and conclusion II follow
 - C. Only conclusion I follows
 - D. Only conclusion II and III follows
 - E. All three conclusions I, II and III follow

Answer – D

5. In the questions given below there are three statements followed by three conclusions I, II and III. You have to take the three given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

Statements:

Only Friend is Sibling.

Only a few Friend is Spouse.

No Spouse is Brother.

Conclusion:

- I. Some Friend are not Brother.
- II. All Brother being Friend is not a possibility.
- III. All Spouse being Sibling is not a possibility.

- A. Only conclusion III follows
- B. Only conclusion I and conclusion III follow
- C. Only conclusion I follows
- D. Only conclusion II and III follows
- E. All three conclusions I, II and III follow

Answer -B

6. Answer the questions based on the information given below:

There are eight members P, Q, R, S, T, U, V and W in the family of three generations. P is mother of only Q and R. Q is married to U. V is daughter in-law of R. W and S are grandsons of T, who is married. W is married but he doesn't have any sibling.

How is W related to P?

- A. Son-in-law
- B. Grandfather
- C. Brother
- D. Grandson
- E. Either B or C

Answer -D

7. Answer the questions based on the information given below:

There are eight members P, Q, R, S, T, U, V and W in the family of three generations. P is mother of only Q and R. Q is married to U. V is daughter in-law of R. W and S are grandsons of T, who is married. W is married but he doesn't have any sibling.

Which among the following statement are definitely true?

- A. W is father of R
- B. T is father - in-law of U

- C. S is cousin of W
- D. Both 'A' and 'D'
- E. Both 'C' and 'D'

Answer – D

8. Answer the questions based on the information given below:

There are eight members P, Q, R, S, T, U, V and W in the family of three generations. P is mother of only Q and R. Q is married to U. V is daughter in-law of R. W and S are grandsons of T, who is married. W is married but he doesn't have any sibling.

How many male members are there in the family?

- A. Three
- B. Four
- C. Five
- D. Either 'A' or 'C'
- E. Either 'B' or 'C'

Answer – E

9. Answer the questions based on the information given below:

There are eight members P, Q, R, S, T, U, V and W in the family of three generations. P is mother of only Q and R. Q is married to U. V is daughter in-law of R. W and S are grandsons of T, who is married. W is married but he doesn't have any sibling.

Who is the father of S?

- A. Q
- B. U
- C. R
- D. Either "P" or "R"
- E. Cannot be determined

Answer- E

10. If it is possible to make a meaningful English word from 2nd, 3rd, 5th, and 9th letter of the word "PERMANENT" from the left end, then what will be the 3 rd letter of the word so formed from the right end? If no such words can be formed, then mark the answer 'X' and if more than one word can be formed then mark the answer as 'Y'.

- A. Y
- B. A

- C. R
- D. X
- E. E

Answer - A

11. Study the following information carefully and answer the questions given below-

Eight persons L, M, N, O, P, Q, R and S give an exam in different months of a year viz . March, April, May, June, July, August, September, and October. O gives exam in a month which has 31 days. Three persons gives exam in between N and O. L gives exam immediately before P but not in a month which has 31 days. Only two person give exam in between S and M. P gives exam in a month before O. Only one person gives exam in between Q and R. S gives exam before O. Q does not gives exam after M.

Who among the following gives exam in May?

- A. P
- B. N
- C. O
- D. L
- E. None of these

Answer - A

12. Study the following information carefully and answer the questions given below-

Eight persons L, M, N, O, P, Q, R and S give an exam in different months of a year viz . March, April, May, June, July, August, September, and October. O gives exam in a month which has 31 days. Three persons gives exam in between N and O. L gives exam immediately before P but not in a month which has 31 days. Only two person give exam in between S and M. P gives exam in a month before O. Only one person gives exam in between Q and R. S gives exam before O. Q does not gives exam after M.

N gives exam in which of the following month?

- A. March
- B. June
- C. August
- D. September
- E. None of these

Answer – A

13. Study the following information carefully and answer the questions given below-

Eight persons L, M, N, O, P, Q, R and S give an exam in different months of a year viz . March, April, May, June, July, August, September, and October. O gives exam in a month which has 31 days. Three persons gives exam in between N and O. L gives exam

immediately before P but not in a month which has 31 days. Only two person give exam in between S and M. P gives exam in a month before O. Only one person gives exam in between Q and R. S gives exam before O. Q does not gives exam after M.

How many persons gives exam in between S and R?

- A. One
- B. Two
- C. Three
- D. Four
- E. Five

Answer - C

14. Study the following information carefully and answer the questions given below-

Eight persons L, M, N, O, P, Q, R and S give an exam in different months of a year viz . March, April, May, June, July, August, September, and October. O gives exam in a month which has 31 days. Three persons gives exam in between N and O. L gives exam immediately before P but not in a month which has 31 days. Only two person give exam in between S and M. P gives exam in a month before O. Only one person gives exam in between Q and R. S gives exam before O. Q does not gives exam after M.

Four of the following are alike in a certain way so form a group, which among the following does not belong to that group?

- A. M
- B. N
- C. O
- D. P
- E. R

Answer - A

15. Study the following information carefully and answer the questions given below-

Eight persons L, M, N, O, P, Q, R and S give an exam in different months of a year viz . March, April, May, June, July, August, September, and October. O gives exam in a month which has 31 days. Three persons gives exam in between N and O. L gives exam immediately before P but not in a month which has 31 days. Only two person give exam in between S and M. P gives exam in a month before O. Only one person gives exam in between Q and R. S gives exam before O. Q does not gives exam after M.

Who among the following gives exam in June?

- A. L
- B. P
- C. Q
- D. S
- E. N

Answer - D

16. Introduction: Inference is a conclusion drawn on the basis of knowledge of facts available. In questions on INFERENCES, a paragraph is followed by few Paragraphs. On the basis of the information given in the passage, we have to check the truthfulness or falsity of the given Paragraph. Each Paragraph can be put into one of the four categories.

- definitely true
- probably true
- probably false
- definitely false

Directions: In each question below is given a passage followed by some inferences. You have to examine each inference separately in the context of the passage and decide upon the degree of truth or falsity of the inference. Mark answer

Paragraph:

Although Locke has been hailed as a giant figure in European intellectual history, his ideas were largely borrowed from his predecessors, who are now unfairly neglected by historians. Furthermore, Locke never wrote a truly great book; his most widely known works are muddled in style, awkwardly constructed, and often self-contradictory.

Inferences:

Locke's contributions to the development of European thought have been greatly exaggerated.

- A. if you think that the answer is probably true.
- B. if you think that the answer is definitely true.
- C. if the answer is probably false.
- D. if the data provided is inadequate to answer the question.
- E. if the answer is definitely false.

Answer – B

The banner is for Oliveboard's IFSCA Gr. A 2024 Complete Course. It features the Oliveboard and IFSCA logos at the top left. The main text reads 'IFSCA Gr. A 2024 Complete Course'. Below this is a 'Notification Out!' badge with a bell icon. To the right, there's a 'PHASE I + II' badge. Below that, a row of four icons represents 'Live Classes + Concept Videos', 'Detailed Study Notes', 'Current Affairs Capsules', and 'Mock Tests for Phase I & II'. On the far right, there's a photo of five people and a large orange 'Enroll Now' button.

17. Introduction: Inference is a conclusion drawn on the basis of knowledge of facts available. In questions on INFERENCES, a paragraph is followed by few Paragraphs. On the basis of the information given in the passage, we have to check the truthfulness or falsity of the given Paragraph. Each Paragraph can be put into one of the four categories.

- definitely true
- probably true
- probably false
- definitely false

Directions: In each question below is given a passage followed by some inferences. You have to examine each inference separately in the context of the passage and decide upon the degree of truth or falsity of the inference. Mark answer

Paragraph:

Although Locke has been hailed as a giant figure in European intellectual history, his ideas were largely borrowed from his predecessors, who are now unfairly neglected by historians. Furthermore, Locke never wrote a truly great book; his most widely known works are muddled in style, awkwardly constructed, and often self-contradictory.

Inferences:

Locke's way of expressing his ideas in writing were sadly inadequate.

- A. if you think that the answer is probably true.
- B. if you think that the answer is definitely true.
- C. if the answer is probably false.
- D. if the data provided is inadequate to answer the question.
- E. if the answer is definitely false.

Answer - A

18. In each question below is given a statement followed by three assumptions numbered I, II and III. You have to consider the statement and the following assumptions and decide which of the assumptions is implicit in the statement.

Give answer

Statement: Govt. has taken decision in many blocks of country that the construction work of highway is given to the private forums of builder operator transfer on the basis of action.

Assumptions:

- I. It may be possible that a sufficient number of private forums not answer in the respect of Govt. action.
- II. Many private forums of our country are capable to complete the construction work of highway within given time period.

III. It may be that private forums get financial profit due to govt. builder operated proposed schemes.

- A. Only I and III are implicit.
- B. Only II is implicit.
- C. Only I and II are implicit.
- D. Only II and III are implicit.
- E. None of these.

Answer - D

19. In each question below a statement is given followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions and decide which of the assumptions is implicit in the statement.

Statement: During Navaratri celebrations, the Kannika Parameshwari temple on Vysial Street has a rather unique practice. It is not the priests of the temple but a selected group of men who decorate the deity for the day. These men stay in the temple premises during the nine days and perform their duty in the purest way possible.

Assumption:

- I. There are bedrooms available in the temple premises where the select group of men stay during Navratri.
- II. In most of the temples, deity is decorated by the priests of the temple.
- III. Selection criteria for these men who decorate the deity on Navratri Day is very rigorous.

- A. Only I and II are implicit
- B. Only II is implicit
- C. Only II and III are implicit
- D. Only I and III are implicit
- E. Only I and II are implicit
- F. None of these

Answer – B

20. Each question given below consists of a statement, followed by two arguments numbered I and II. You have to decide which of the arguments is a 'strong' argument and which is a 'weak' argument.'

'Strong' arguments are both important and directly related to the question. 'Weak' arguments are those which are of minor importance and also may not be directly related to the question or may be related to trivial aspects of the question.

Statement: Should police officers wear body cameras?

Arguments:

I. Yes, the Police body cameras improve police accountability and protect officers from false misconduct accusations.

II. No, instead of spending money on body cameras, the same fund should be diverted to their better training and salaries so that they are not so overwhelmed and overworked.

- A. If only argument I is strong
- B. If both I and II are strong
- C. If either I or II is strong
- D. If only argument II is strong
- E. If neither I nor II is strong

Answer - B

21. Answer the following questions based on the information given below.

Eight persons, Pal, Kal, Dal, Hal, Tal, Mal, Bal, and Jal, sit along a linear row, not necessarily in this order. Some of these persons face in the north direction while the remaining face in south direction. Pal face in north direction. Hal sits third to the right of Pal. Mal sits immediate right of Hal. Only one person sits to the right of Mal. As many persons sit to the right of Pal as to the left of Tal. Only two persons sit between Bal and Jal. Dal sits adjacent to Jal. Kal sits to the right of Bal. Bal and Kal face in the same direction. Kal does not sit immediate right of Dal. Dal and Jal face in opposite directions.

How many persons sit to the right of Tal?

- A. Two
- B. Three
- C. Four
- D. Five
- E. Six

Answer - C

22. Answer the following questions based on the information given below.

Eight persons, Pal, Kal, Dal, Hal, Tal, Mal, Bal, and Jal, sit along a linear row, not necessarily in this order. Some of these persons face in the north direction while the remaining face in south direction. Pal face in north direction. Hal sits third to the right of Pal. Mal sits immediate right of Hal. Only one person sits to the right of Mal. As many persons sit to the right of Pal as to the left of Tal. Only two persons sit between Bal and Jal. Dal sits adjacent to Jal. Kal sits to the right of Bal. Bal and Kal face in the same direction. Kal does not sit immediate right of Dal. Dal and Jal face in opposite directions.

Who sits third to the right of Dal?

- A. Hal
- B. Mal
- C. Bal
- D. Pal
- E. Kal

Answer - D

23. Answer the following questions based on the information given below.

Eight persons, Pal, Kal, Dal, Hal, Tal, Mal, Bal, and Jal, sit along a linear row, not necessarily in this order. Some of these persons face in the north direction while the remaining face in south direction. Pal face in north direction. Hal sits third to the right of Pal. Mal sits immediate right of Hal. Only one person sits to the right of Mal. As many persons sit to the right of Pal as to the left of Tal. Only two persons sit between Bal and Jal. Dal sits adjacent to Jal. Kal sits to the right of Bal. Bal and Kal face in the same direction. Kal does not sit immediate right of Dal. Dal and Jal face in opposite directions.

Four of the following five are alike in a certain manner and one is different. Choose the one which is different.

- A. Hal
- B. Mal
- C. Dal
- D. Pal
- E. Kal

Answer – C

24. Answer the following questions based on the information given below.

Eight persons, Pal, Kal, Dal, Hal, Tal, Mal, Bal, and Jal, sit along a linear row, not necessarily in this order. Some of these persons face in the north direction while the remaining face in south direction. Pal face in north direction. Hal sits third to the right of Pal. Mal sits immediate right of Hal. Only one person sits to the right of Mal. As many persons sit to the right of Pal as to the left of Tal. Only two persons sit between Bal and Jal. Dal sits adjacent to Jal. Kal sits to the right of Bal. Bal and Kal face in the same direction. Kal does not sit immediate right of Dal. Dal and Jal face in opposite directions.

How many persons sit between Mal and Kal?

- A. One
- B. Two
- C. Three
- D. Four
- E. Five

Answer - E

25. Answer the following questions based on the information given below.

Eight persons, Pal, Kal, Dal, Hal, Tal, Mal, Bal, and Jal, sit along a linear row, not necessarily in this order. Some of these persons face in the north direction while the remaining face in south direction. Pal face in north direction. Hal sits third to the right of Pal. Mal sits immediate right of Hal. Only one person sits to the right of Mal. As many persons sit to the right of Pal as to the left of Tal. Only two persons sit between Bal and Jal. Dal sits adjacent to Jal. Kal sits to the right of Bal. Bal and Kal face in the same direction. Kal does not sit immediate right of Dal. Dal and Jal face in opposite directions.

Mal sits _____ to the left of Jal.

- A. First
- B. Second
- C. Third
- D. Fourth
- E. Fifth

Answer - D

Question –

Read the following passage and answer the questions that follow

Pesticides are chemical substances meant to kill pests. In general, a pesticide is a chemical or a biological agent such as a virus, bacterium, antimicrobial, or disinfectant that deters, incapacitates, or kills pests. Contrary to popular opinion, pesticides are not recent inventions. Many ancient civilizations used pesticides to protect their crops from insects and pests. Ancient Sumerians used elemental sulphur to protect their crops from insects. Whereas, Medieval farmers experimented with chemicals containing arsenic and lead on common crops. The Chinese used arsenic and mercury compounds to control body lice and other pests. While the Greeks and Romans used oil, ash, sulphur, and other materials to protect themselves, their livestock, and their crops from various pests.

In 1939, Dichloro-Diphenyl-Trichloroethane (DDT) was discovered, which was extremely effective and was widely used as an insecticide across the world. However, twenty years later, when its biological effects on humans were studied, DDT was banned in scores of countries. Extensive use of DDT on crops was established to be the cause of several health problems among farmers and neighbouring areas where water had been contaminated by DDT.

Until a few decades ago, the term pesticide is often treated as synonymous with a product to protect plants. It was considered to be a boon that was used to eliminate or control agricultural pests that can damage crops and reduce farm productivity. The most commonly applied pesticides are insecticides to kill insects, herbicides to kill weeds, rodenticides to kill rodents, and fungicides to control fungi, mould, and mildew. Pesticides can be of two kinds, biodegradable and persistent. The biodegradable can be easily broken down by microbes and other living beings into harmless compounds. While the persistent ones are those which may take months or years to break down. Persistent herbicides can sometimes last three or more years before completely decomposing into inert compounds.

In spite of the wonderful benefits of pesticides for farmers, pesticides have been getting flak for harming the environment as well as all living beings. Even though pesticides are designed to focus on eliminating certain pests, they end up as residues in the farm produce that is consumed by humans. Pesticides have been linked with human health hazards, from short-term impacts such as headaches and nausea to chronic impacts like cancer, and reproductive harm.

Not only humans, but the toxic chemicals of pesticides also ruin the environment as well. They enter the air, water, and sediments, and contaminate the soil, water, turf, and other vegetation. Pesticides are also toxic to a variety of other organisms such as birds, fish, beneficial insects, and non-target plants. This growing concern for health and the environment has given birth to pesticide-free farming, also known as organic farming.

1. Which compounds did the Chinese use as a pesticide?

- A. Elemental Sulphur
- B. Oil
- C. Lead
- D. Arsenic
- E. Ash Sulphur

Answer – D

2. Why was DDT banned twenty years after its discovery?

- A. DDT was not available easily
- B. The chemicals were ineffective on the pests
- C. It was inconvenient to use
- D. It was harming humans and the environment
- E. The chemicals in it decomposed too fast

Answer - D

3. As per the passage, what purpose do fungicides serve?

- A. They are harmless to use
- B. They kill weeds
- C. They help crops grow faster
- D. They kill rodents
- E. They eliminate mould and mildew

Answer - E

4. How long do the persistent insecticides take to decompose completely?

- A. Three to four years
- B. Five to Six years
- C. Five to six months
- D. One to two years
- E. Nine to ten years

Answer – A

5. What is the next best thing after shunning the use of pesticides?

- A. Intensive Farming
- B. Organic farming
- C. Hydroponic Farming
- D. Herbal pesticides
- E. Chemical-tested pesticides

Answer - B

6. What according to you does the word, 'flak' mean?

- A. Attention
- B. Praise
- C. Criticism
- D. Analysis
- E. Deliberation

Answer - C

7. Choose a word in the passage that means the opposite of the word, 'contaminated'.

- A. Defiled
- B. Purged
- C. Corrupted
- D. Stained
- E. Infected

Answer - B

8. Choose a word from the options which means the same as the word, 'incapacitates'.

- A. Agile
- B. Immobilises
- C. Competent
- D. Vigorous
- E. Functional

Answer - B

9. In the given question, a statement has been divided into five segments, each of which is denoted by A, B, C, D and E. Rearrange all the segments to form a coherent statement.

- a. arrived the man had died.
- b. ambulance, which reached
- c. Police called up another
- d. but by the time it
- e. the spot after 45 minutes

- 1. CBEDA
- 2. DCEAB
- 3. EDCBA
- 4. BDECA
- 5. DBAEC

Answer - 1

10. In the given question, a statement has been divided into five segments, each of which is denoted by A, B, C, D and E. Rearrange all the segments to form a coherent statement.

- a. due to strict environmental regulations and
- b. less willing to pay a premium for
- c. more ethically sourced products
- d. European and North American consumers are
- e. scepticism of big business.

- 1. CBEDA
- 2. DCEAB
- 3. EDCBA
- 4. BDECA
- 5. DBCAE

Answer - 5

11. In the given question, a statement has been divided into five segments, each of which is denoted by A, B, C, D and E. Rearrange all the segments to form a coherent statement.

- A. not optimistic
- B. because they are
- C. the modern youth
- D. is suffering from inertia
- E. about their future

- 1. CDEBA
- 2. ABDCE
- 3. CDBAE
- 4. CDAEB
- 5. DCBAE

Answer - 3

Question –

In the following passage, each blank has a number, and a set of options has been provided for each blank. Fill in each blank with the appropriate word.

Living organisms have _____ (12) _____ systems in place to deal with _____ (13) _____ environmental conditions such as the onset of winter and _____ (14) _____ of food. Several species of insects are programmed to dial down their metabolic activity and bring their body development and _____ (15) _____ to a grinding halt, temporarily, something akin to _____ (16) _____.

(12)

- A. Difficult
- B. Flexible
- C. Sophisticated
- D. Compatible
- E. Coordinated

Answer - C

(13)

- A. Dubious
- B. Hostile
- C. Comfortable
- D. Convenient
- E. Significant

Answer -B

(14)

- A. Availability
- B. Shortage
- C. Plenty
- D. Abundance
- E. Dependability

Answer - B

(15)

- A. Procedures
- B. Operations
- C. Systems
- D. Relations
- E. Processes

Answer – E

(16)

- A. Hallucination
- B. Aggravation
- C. Hibernation
- D. Adaptation
- E. Sensation

Answer - C

17. The following statements have two blanks which are to be filled with the options given below. Choose the correct combination of words in the same order which will most suitably complete the sentence without altering the meaning of the statement.

It is in the interest of both countries to work this out at the earliest and offer a _____ way forward for legal and _____ international travel.

- 1. inappropriate
- 2. reasonable
- 3. seamless
- 4. mindful
- 5. effortless

- A. 1, 3
- B. 1, 5
- C. 2, 4
- D. 4, 5
- E. 2, 3

Answer - E

18. The following statements have two blanks which are to be filled with the options given below. Choose the correct combination of words in the same order which will most suitably complete the sentence without altering the meaning of the statement.

Ladakh has long been celebrated for its _____ natural beauty and vibrant cultural heritage. With its unique combination of _____ landscapes and rich spiritual traditions, it has become a top travel destination in recent years.

- 1 Repulsive
2. Boring
3. Captivating
4. Rugged
5. Smooth

- A. 1,5
- B. 1,4
- C. 2,5
- D. 3,4
- E. 1,3

Answer – D

19. The following statements have two blanks which are to be filled with the options given below. Choose the correct combination of words in the same order which will most suitably complete the sentence without altering the meaning of the statement.

The increased use of computers will _____ the need for further recruitment of _____ in the banking sector.

1. Captivate
2. Necessitate
3. Obviate
4. Youngsters
5. Staff

- A. 1,5
- B. 2,4
- C. 2,3
- D. 2,5
- E. 3,5

Answer – E

20. In each of the following sentences four words are given in bold. These words may or may not replace each other to form a contextually and grammatically meaningful sentence. Below each sentence, four options are given for the replacements. You have to choose the correct replacement as your answer. If no replacement is required, choose option E.

In some cases, **employees a)** like low salaries, lack of **growth b)** prospects and lack of motivation compel **factors c)** to look for **change d)**.

- A. a-c
- B. b-d
- C. c-d
- D. a-d
- E. No change is required

Answer - A

21. Read each sentence to find out whether there is any grammatical error in it. The error, if any, will be in one part of the sentence. Mark the part with the error as your answer. If there is no error, mark 'No error' as your answer (Ignore errors of punctuation, if any).

Although the guidelines for on-tap licensing were announced as early as 2016, (A)/the central bank had said that the applications (B)/would need to scrutinized by a standing committee, (C)/which has been appointed only now (D).

- A. Although the guidelines for on-tap licensing were announced as early as 2016
- B. the central bank had said that the applications
- C. would need to scrutinized by a standing committee
- D. which has been appointed only now
- E. No error

Answer – C

22. Read each sentence to find out whether there is any grammatical error in it. The error, if any, will be in one part of the sentence. Mark the part with the error as your answer. If there is no error, mark 'No error' as your answer (Ignore errors of punctuation, if any).

Many ears will be cooked to hear (A)/the president essay an address (B)/crafted by Vinay Reddy, Biden's chief speechwriter, whose job is (C)/to translate the president's ideas into words (D).

- A. Many ears will be cooked to hear
- B. the president essay an address
- C. crafted by Vinay Reddy, Biden's chief speechwriter, whose job is
- D. to translate the president's ideas into words
- E. No error

Answer - A

23. For each sentence below, five options have been given. You have to choose the correct meaning of the idioms (in bold) from the given options.

Ramesh was left **high and dry** by her friends when he lost all his money.

- A. Rejected
- B. Isolated
- C. Wounded
- D. Alone
- E. Depressed

Answer - B

24. For each sentence below, five options have been given. You have to choose the correct meaning of the idioms (in bold) from the given options.

After **sowing her wild oats**, Tina has decided to stick to the straight path in the future.

- A. A Period Of Irresponsible Pleasure Seeking
- B. Turning A Gardener
- C. Becoming A Farmer
- D. Growing Oats On Farmland
- E. A Period Of Wilderness

Answer – A

25. In each of the following sentences four words are given in bold. These words may or may not replace each other to form a contextually and grammatically meaningful sentence. Below each sentence, four options are given for the replacements. You have to choose the correct replacement as your answer. If no replacement is required, choose option E.

The realisation of these aspirations **hinges a)** on the conduct of **free b)** and **fair c)** elections and the **restoration d)** of the rule of law.

- A. a-d
- B. b-c
- C. a-c
- D. c-d
- E. No change is required

Answer - E

General Awareness –

1. SEBI has imposed a penalty of _____ on Multi Commodity Exchange (MCX) for flouting norms in a case pertaining to data entries of Sikkim-based clients.

- A. Rs.5.5 lakh
- B. Rs.5.7 lakh
- C. Rs.7.1 lakh
- D. Rs. 4 lakh
- E. Rs. 6 lakh

Answer – E

2. How many complaints against companies and market intermediaries received through SCORES platform were disposed of in February according to the data provided by SEBI?

- A. 2662
- B. 2699
- C. 2782
- D. 2790
- E. 2672

Answer – E

3. Which bank's housing finance arm has received capital markets regulator SEBI's nod to raise up to Rs 2,500 crore through rights issue of shares?

- A. Canara Bank
- B. Indian Overseas Bank
- C. Union Bank of India
- D. Punjab National Bank
- E. Indian Bank

Answer – D

4. The Reserve Bank of India (RBI) has granted an 'Infrastructure Finance Company (IFC)' status to which renewable energy company?

- A. The Indian Renewable Energy Development Agency (IREDA)
- B. Solar Energy Corporation of India (SECI)
- C. National Institute of Wind Energy (NIWE)
- D. National Institute of Solar Energy (NISE)
- E. A & C

Answer - A

5. The Reserve Bank of India (RBI) infused liquidity amounting to _____ into the banking system via the 14-day Variable Repo Rate (VRR) auction amid tightening liquidity.

- A. Rs.82,650 crore
- B. Rs.84,230 crore
- C. Rs.85,400 crore
- D. Rs.86,120 crore
- E. Rs.86.225 crore

Answer – A

6. RBI has recently imposed a fine of Rs 3.06 crores on which company?

- A. Google Pay
- B. Paytm
- C. Amazon Pay
- D. Bharat Pe
- E. Phone Pe

Answer – C

7. According to the data provided by the Centre for Monitoring Indian Economy ,all India unemployment rate remained elevated in February 2023 and rose to _____ from 7.14% in the previous month.

- A. 7.45 percent
- B. 7.55 percent
- C. 8.1 percent
- D. 8.7 percent
- E. 8.6 percent

Answer - A

8. The data released by the Ministry of Statistics and Programme Implementation (MoSPI), the indian economy grew at _____ between October and December 2022 (Q3FY23).

- A. 4.4 percent
- B. 4.8 percent
- C. 5.4 percent
- D. 5.8 percent
- E. 6.4 percent

Answer – A

9. According to the information provided by the Reserve Bank of India, the bank credit growth stood at _____ for three months ending December 2022.

- A. 14.5 percent
- B. 15.8 percent
- C. 17.1 percent
- D. 16.8 percent
- E. 13.5 percent

Answer -D

10. According to the data released by the Ministry of Commerce and Industry,the wholesale price index (WPI)-based inflation rate fell to _____ in February.

- A. 3.85 percent
- B. 3.74 percent
- C. 2.55 percent
- D. 3.55 percent
- E. 3.48 percent

Answer – A

11. According to the list released by UK-based Brand Finance,which telecom brand is ranked as the most valuable brand globally?

- A. Etisalat
- B. Swisscom
- C. Airtel
- D. Verizon
- E. Reliance Jio

Answer – D

12. Moody's Investors Service has revised India's growth estimate for 2022 to _____ from 7 per cent pegged in November 2022.

- A. 6.3 percent
- B. 6.6 percent
- C. 6.8 percent
- D. 6.7 percent
- E. 6.6 percent

Answer – C

13. _____ and Federal Bank will partner with association of microfinance institutions Sa-Dhan and Delhi-based fintech solutions provider NextGen to promote digital payments by feature phone users.

- A. HDFC Bank
- B. Axis Bank
- C. Indian Overseas Bank
- D. IDFC First Bank
- E. Bank of Maharashtra

Answer - D

14. The third edition of the multilateral exercise La Perouse is being organized from 13 to 14 March 2023 in the Indian Ocean region .Which among the following countries is organizing the third edition of the 'La Perouse' Exercise?

- A. France
- B. India
- C. Japan
- D. USA
- E. Australia

Answer - A

15. What is the theme of World Wildlife Day 2023?

- A. Partnership for Wildlife Conservation
- B. Youth Effort for Wildlife Conservation
- C. Partnership for Green Wildlife
- D. Wildlife Conservation for Earth
- E. None

Answer – A

16. Who has been elected as the new President of Vietnam?

- A. Nguyen Xuan Phuc
- B. Pham Minh Chinh
- C. Vuong Dinh Hue
- D. Vo Van Thuong
- E. None of the above

Answer – D

17. Which bank has partnered with Aadhar Housing Finance to offer home loans for salaried employees, loan for plot purchase and construction, home improvement loan, loan against residential commercial property etc?

- A. HDFC Bank
- B. IDFC First Bank
- C. Axis Bank
- D. Kotak Mahindra Bank
- E. Yes Bank

Answer - E

18. Badri Narayan received the prestigious literary award Sahitya Akademi Award, 2022 for?

- A. Malgudi Days
- B. All the Lives We Never Lived
- C. All th Divine Comedye Lives We Never Lived
- D. Divine Comedy
- E. Tumadi Ke Shabd

Answer – A

19. Who has been honoured with the 'Player of the Year Award' by the Asian Chess Federation?

- A. D Gukesh
- B. Krishnan Sasikiran
- C. Vidit Gujrathi
- D. Parimarjan Negi
- E. None of the above

Answer – A

20. SEBI has introduced the issue summary document for filing papers pertaining to IPO and for further issue of securities in XBRL format which will be done in a phased manner starting_____

- A. July 1,2023
- B. April 15,2023
- C. May 31,2023
- D. June 30,2023
- E. March 1,2023

Answer – E

21. PM Modi releases the 13th installment of financial benefits worth _____ to over eight crore eligible farmers under the flagship PM-KISAN scheme.

- A. Rs.14,238 crore
- B. Rs.15,200 crore
- C. Rs.15,800 crore
- D. Rs.16,800 crore
- E. Rs.17,450 crore

Answer - D

22. The Reserve Bank announced its second global hackathon -- 'HARBINGER 2023 - Innovation for Transformation' with the theme _____ .

- A. Inclusive Digital Stimulation
- B. Inductive Digital Solution
- C. Inclusive Machine Solution
- D. Institutional Digital Services
- E. Inclusive Digital Services

Answer – E

23. Which of the following become the first private sector bank to take up a service that allows customers to use RuPay credit cards on UPI with BHIM and other UPI - enabled apps?

- A. EXIM Bank
- B. IDFC First Bank
- C. IDBI Bank
- D. ICICI Bank
- E. HDFC Bank

Answer – E

24. Financial Literacy Week 2023 organized by Reserve Bank of India will be held from _____.

- A. 12th to 17th February 2023
- B. 13th to 17th February 2023
- C. 14th to 18th February 2023
- D. 11th to 16th February 2023
