Message IFSCA Chairman

The IFSC at GIFT City represents India's bold vision to emerge as a global financial hub, and the IFSCA is proud to play a central role in this journey. As the unified regulator for financial services in the GIFT IFSC, our mission is to foster a world-class regulatory environment that promotes innovation, promotes investor confidence, and facilitates seamless international financial operations. Our approach has been guided by the twin principles of trust and transparency, ensuring that investor and consumer interests are always protected. Over the last five years, GIFT IFSC has made rapid progress across multiple domains such as banking, capital markets, fund management, insurance, FinTech, aircraft leasing, and ancillary services, creating an integrated platform that connects India to the global markets.

Since its inception, IFSCA has worked towards harmonizing regulatory approaches and simplifying compliance for institutions operating within the IFSC. Today, with more than 1,000¹ registered entities (REs), GIFT IFSC is steadily emerging as a vibrant hub for cross-border financial activities. With a periodic cycle of review and global benchmarking following a process of market consultations and recommendations by standing committees with domain experts, IFSCA's regulations continue to offer a world-class regulatory and business environment.

At the same time, we continue to enhance the ease of doing business through digital transformation. The Single Window IT System (SWIT) embodies this "digital-first" approach, enabling streamlined registration, faster approvals, and end-to-end online processing for entities in GIFT IFSC.

IFSCA's efforts are equally directed toward strengthening investor protection and market integrity. The forthcoming Stewardship Code and Consumer Charter will reinforce our commitment to responsible intermediation, ethical governance, and investor education. These initiatives reflect our belief that the sustainable growth of the GIFT City IFSC must rest on integrity, fairness, and long-term trust.

We continue to work in close coordination with domestic regulators such as RBI, SEBI, IRDAI, and PFRDA, under the guidance of the Ministry of Finance to ensure coherence and complementarity in policies across the financial ecosystem.

We remain deeply committed to mobilizing global capital for India's growth, in alignment with the national vision of Viksit Bharat@2047. Guided by our motto, "आ नो भद्राः क्रतवो यन्तु विश्वतः" (let noble thoughts come to us from all directions), we continue to welcome innovative ideas and collaborative efforts from all stakeholders as part of our next-generation reform journey.

Shri K. Rajaraman

Foreword

HSBC

In today's globalized economy, international capital plays a pivotal role in propelling economic growth and fostering development. The establishment of the IFSC at GIFT City marks India's strategic move to attract global capital and provide a world-class platform for international financial services. This development is a testament to India's ambition to integrate into the global financial system.

We are proud to present this comprehensive report on the IFSC at GIFT City—a landmark initiative that is transforming India's financial landscape. I extend my sincere thanks to the entire team at EY and HSBC for their invaluable contributions and efforts in developing this compendium. As a leading global financial institution, HSBC has consistently championed innovation and inclusive growth. GIFT City's emergence as a dynamic hub for cross-border banking, asset management, insurance, fintech, and other sectors underscores India's commitment to building globally competitive infrastructure and regulatory frameworks.

HSBC is well-positioned to leverage the opportunities presented by the IFSC, offering enhanced product offerings and seamless international financial services for our clients. We believe that the IFSC at GIFT City is more than a milestone - it is a gateway to the future of finance. We invite you to delve into the insights presented in this report and join us in unlocking the full potential of this transformative ecosystem.

Executive summary

The IFSC at GIFT City marks a pivotal milestone in India's journey to becoming a global financial powerhouse. Conceived as a world-class financial district, IFSC at GIFT City offers a robust regulatory framework, innovative infrastructure, and a liberalized business environment under the stewardship of its unified regulator, IFSCA. **With over 1000 entities³** now registered, the IFSC is contributing significantly to India's economic growth, positioning itself as a magnet for global capital and cross-border financial services.

As countries around the world develop dedicated financial centers to enhance their global market presence, the IFSC at GIFT City represents India's strategic initiative to strengthen its position in international finance. It is rapidly emerging as a preferred destination for international financial institutions, offering a competitive alternative to established centers like London, Singapore, and Dubai. The IFSC at GIFT City boasts a strategic location with connectivity to international airport and highways, smart infrastructure, SEZ benefits, global financial access and a skilled talent pool—ideal for finance, tech, and innovation-driven businesses.

The presence of **international exchanges, banks, insurers, fund managers, financial intermediaries, FinTechs, and professional service providers** reflects the depth and diversity of its ecosystem. This report presents a comprehensive overview of the IFSC at GIFT City, covering its concept, development, ecosystem, regulatory framework, and setup process. It highlights sectoral opportunities across banking, fund management, insurance, capital markets, leasing, trade finance, fintech, professional services, education, and ancillary services.

A key differentiator for the IFSC at GIFT City is its treatment under India's exchange control regime. Entities registered with the IFSC are considered non-residents for India's exchange control norms, enabling them to **transact freely in foreign currencies** and benefit from exemptions that facilitate seamless cross-border operations. This regulatory clarity, coupled with a streamlined approval process, underscores the government's commitment to enhancing the ease of doing business in India through the IFSC framework.

Taxation and state incentives further strengthen the IFSC's appeal. Units enjoy a 10-year tax holiday, exemptions from capital gains tax on specified securities, and relief from transaction taxes such as securities transaction tax (STT) and commodities transaction tax (CTT) for securities traded through the IFSC exchange. Offshore services are exempt from GST, and customs duty waivers enhance operational efficiency. These fiscal benefits, combined with simplified compliance procedures, make IFSC at GIFT City a compelling destination for financial innovation and global service delivery.

With a combination of a robust domestic economy and government's strong support, the GIFT City, IFSC will play a pivotal role in India's and the global financial services landscape in the coming years and decades. HSBC and EY are pleased to present this report, which provides a bird's eye view into the breadth and depth of the financial services ecosystem at GIFT City, IFSC.

SECTION 1

GIFT City, IFSC at a glance

What is IFSC?

An International Financial Services Centre (IFSC) is a specialized jurisdiction designed to facilitate and promote cross-border financial services. It offers a globally aligned regulatory environment, enabling institutions to conduct international banking, insurance, asset management, and capital market activities with enhanced efficiency and flexibility. IFSCs serve as strategic gateway for global capital flows, fostering innovation, competitiveness, and integration with international financial systems.

As of today, there are over 120 financial centers⁴ across the globe, with new centers such as GIFT City in India is rapidly expanding.

India's need for an IFSC

India's need for an IFSC arises from a compelling paradox: while Indian talent and institutions have significantly contributed to global finance, much of the high-value financial activity has historically occurred outside its borders. This situation has resulted in capital outflows and limited access to global financial markets from within India. The establishment of GIFT City as India's first IFSC aims to address these challenges. It is a strategic move to:

- **Repatriate financial services** that were previously conducted offshore
- **Provide a globally competitive platform** for both Indian and international institutions
- **Support India's ambition** to become a US\$5 trillion economy and a developed nation by 2047

Globally, IFSCs in locations such as Dubai (DIFC), Singapore and London have become hubs for international capital and financial innovation. India's foray into the international financial services landscape is inspired by a vision to build a globally competitive ecosystem that attracts cross-border capital, fosters innovation, and positions the country as a premier destination for global financial activity.

Genesis of GIFT City

The idea of GIFT City was born out of a clear and forward-looking vision articulated by the Hon'ble Prime Minister of India, Shri Narendra Modi:

To tie up with technology, to create a hub complete with infrastructure, meet the needs of modern Gujarat, modern India and to create a space in the global financial world... that is my dream.

To lead its development, the government established the Gujarat International Finance Tec-City Company Limited (GIFTCL) through the Gujarat Urban Development Company Limited (GUDCL). Designed with efficient land use and a focus on sustainable, integrated infrastructure, GIFT City aims to match the scale and sophistication of leading global financial centers such as New York, London, Hong Kong and Singapore.

Key advantages of the IFSC at GIFT City:

- 1 IFSC at GIFT City is a separate financial jurisdiction within India, treated as a non-resident zone under India's Foreign Exchange Management Act.
- 2 The IFSC at GIFT City enables global investors and financial services companies to access India's large and growing hinterland economy in a more efficient manner.
- 3 IFSC at GIFT City is regulated by IFSCA, which has been set up as an agile, unified and dedicated authority for the development and regulation of financial markets.
- 4 IFSC at GIFT City offers globally aligned regulatory architecture across banking, capital markets, insurance, fintech, aircraft leasing, professional services, ship leasing, etc.
- 5 The centre offers globally competitive tax regime and special incentives.
- 6 Beneficial cost of operation compared to other overseas financial centres.
- 7 The geo-strategic location of GIFT City, IFSC allows it to serve different time zones from Japan to the United States of America.

GIFT City: A strategic location

Geographically located along the banks of the Sabarmati River, GIFT City is poised to realize the benefits inherent in the business hub of Ahmedabad and the political capital of Gandhinagar, in the state of Gujarat. Its well-planned infrastructure offers seamless internal transportation, and its proximity to Ahmedabad International Airport, located just 20 kilometers away, provides global connectivity. GIFT City hosts India's maiden IFSC, representing best-in-class infrastructure and the financial future of India, while exemplifying its emergence as a global hub for finance, innovation, and sustainable urban development.

Spread across 886 acres, GIFT City consists of a Multi-Service Special Economic Zone (SEZ), which has been notified as India's maiden IFSC, and an exclusive Domestic Tariff Area (DTA). An area of 261 acres has been demarcated as SEZ, and an additional 625 acres has been demarcated as DTA.

Voyage of advancement of the GIFT City

2014

The Prime Minister operationalized the first set of regulations on IFSC in the SEZ, specifically targeting GIFT City.

2015

Various regulatory bodies, such as the Reserve Bank of India (RBI), Securities and Exchange Board of India (SEBI), Insurance Regulatory and Development Authority of India (IRDAI) and Pension Fund Regulatory and Development Authority (PFRDA), facilitated the entry of a diverse range of participants into the financial services sector.

2019

The International Financial Services Centres Authority Act, 2019, was passed by the Indian Parliament.

2020

The Government of India established the IFSCA—a unified regulatory authority for the GIFT City, IFSC.

2025

The IFSCA notified over 40 frameworks for various financial services and more than 1000 entities are now registered with the IFSCA, reflecting growing industry participation and regulatory maturity.

IFSCA: A unified regulator

To further promote ease of doing business and provide dedicated regulatory intervention, the Government of India, through an Act of Parliament in 2019, set up the GIFT City, IFSCA as a unified regulator for the development and regulation of financial markets in the IFSCs in India. From 1 October 2020, IFSCA assumed the powers of four domestic sectoral regulators, namely RBI, SEBI, IRDAI and PFRDA, in so far as the development and regulation of financial products, financial institutions and financial services within the IFSC are concerned.

Furthermore, in Budget 2023, the Hon'ble Finance Minister announced that the powers of SEZ authorities in the IFSC would be delegated to the IFSCA to avoid dual regulatory control and enhance ease of operations in the GIFT City, IFSC.

Vision⁵

To provide a globally benchmarked regulatory environment and develop GIFT City, IFSC with a primary focus on accelerating India's economic development, while serving as a regional and global financial hub.

Mission⁵

To develop GIFT City, IFSC into well-diversified and globally competitive financial hubs for international banking, insurance, capital markets, and other allied financial activities through a pro-business environment, supported by a progressive regulatory architecture, advanced technology and infrastructure, and talented financial professionals, serving both the Indian economy and the region as a whole.

Goals and objectives⁵

Strategic advantages and distinct features at GIFT City

The state-of-the-art infrastructure development at GIFT City has won several awards and accolades at various forums. Key advantages include integrated development (commercial, residential and institutional premises) that supports 'walk-to-work culture.' It is worth mentioning the 'quality of life' that GIFT City offers. The social infrastructure in GIFT City includes:

- Schools and universities, including foreign universities
- Medical facilities
- International business hotels
- The GIFT City business club, which offers indoor and outdoor sports facilities
- Well-planned residential housing projects

Furthermore, the infrastructure developed in GIFT City, such as the District Cooling System (DCS), Automated Waste Collection System (AWCS), water treatment plant, underground utility tunnel, contributes to making the city a leading smart city.

The Education Corridor in IFSC at GIFT City is rapidly emerging as a transformative hub for global higher education in India. Universities like Deakin University and University of Wollongong have already established their campuses in GIFT City, IFSC.

GIFT City enjoys **excellent connectivity** to major urban centers and transport hubs:

- Located between Ahmedabad and Gandhinagar
- Close to Sardar Vallabhbhai Patel International Airport
- Upcoming Mumbai-Ahmedabad High-Speed Rail Corridor
- Robust road and metro infrastructure

Together, these features make the IFSC at GIFT City a future-ready destination for global finance, education, and urban living.

*Shri Narendra Modi,
Hon'ble Prime Minister of India²*

Presence of talent in Gujarat

Gujarat has emerged as the new center for IT-BPM industry in the western region, for both supply of and demand for talent. At present, there are about 5,000 IT firms in Gujarat, with an annual turnover of nearly INR6,000 crore, providing employment to nearly 2.5 lakh people across the state. The state has also seen an increase in the number of Research and Development institutes, accounting for 700+ institutes and making Gujarat rank 4th in the top 10 list of R&D institutes in India⁶².

GIFT City is strategically positioned within a knowledge corridor that includes premier Indian and international educational institutions such as Indian Institute of Management (IIM) Ahmedabad, Indian Institute of Technology (IIT) Gandhinagar, Deakin University, and the University of Wollongong. Ahmedabad is home to top-tier institutions like the Indian Institute of Management (IIM), Mudra Institute of Communications, Ahmedabad (MICA), National Institute of Design (NID), National Institute of Fashion Technology (NIFT), Nirma University, and Centre for Environmental Planning and Technology (CEPT) University, which produce graduates with specialization across disciplines.

Gandhinagar, the state capital, complements this with a focus on technical and administrative skills, supported by institutions such as Gujarat Maritime University (GMU) and Gujarat National Law University (GNLU).

This talent-rich environment, strengthened by Gujarat's focus on industrial and technological innovation, makes the state a prime destination for businesses and investors. Companies establishing or expanding in GIFT City have access to a diverse pool of skilled professionals, enabling growth across various sectors.

With over 100,000 engineering graduates annually and approximately 50,000 IT/ITeS professionals, Gujarat is a hub for engineering and tech talent⁶³.

The state's proximity to talent-rich regions like Maharashtra and Rajasthan further enhances its talent pool, providing businesses in GIFT City access to graduates from renowned institutions. This regional synergy creates a competitive edge, supporting enterprises in GIFT City in being well-equipped to meet the evolving needs of global industries.

Gujarat state incentives in IFSC

To promote faster and inclusive growth in the IT/ITeS sector, the Government of Gujarat announced the Gujarat State IT Policy 2022-27⁶⁴, which is valid from 7 February 2022 to 31 March 2027. The policy needs to be applied together with the implementation guidelines introduced by the state authorities. The policy focuses on attracting fresh investment and generating employment across the state, along with propelling growth through incentives and facilitation. The IT/ITeS policy is likely to enable an innovative ecosystem, establish a robust infrastructure and develop IT talent in the state.

SECTION 7

Overview of GIFT City, IFSC's regulatory and legal landscape

Indian exchange control regulations

Navigating the regulatory landscape: Status under exchange control regulations

As per the Indian Exchange Control Regulations⁶⁸, any financial institution or its branch operating from the IFSC at GIFT City is treated as a ‘person resident outside India’. Furthermore, the provisions of the Foreign Exchange Management Act or any regulations made thereunder shall not apply to a financial institution or branch of a financial institution set

up in IFSC at GIFT City, unless there is a specific and express provision to that effect in IFSC regulations or other regulations. Hence, from an exchange control regulations perspective, IFSC at GIFT City is considered an offshore⁶⁹ financial center.

Dive into growth: Investing opportunities in GIFT City units

In the previous section, we discussed the business opportunities that GIFT City offers along with permissible activities and capital requirements. In this section, we have discussed the exchange control regulations applicable to non-residents and residents (including individuals) investing in an IFSC unit.

Transaction	Description
Investment by a non-resident or IFSC unit dealing with a non-resident	Any transaction between an entity set up in IFSC at GIFT City and an overseas entity (i.e., in foreign jurisdiction) should be outside the purview of Indian exchange control regulations
Investment by resident entities	A person resident in India can make overseas investments in IFSC - Refer Foreign Exchange Management (Overseas Investment) Regulations, 2022 [refer discussion below] Additionally, a person resident in India may make contribution to an investment fund or vehicle set up in GIFT City, IFSC as an OPI (as permissible)
Investment by resident individual	RBI has permitted a resident individual to make remittances under the Liberalised Remittance Scheme (LRS) up to US\$250,000 per financial year per individual
Investment by IFSC units in Indian entities	Foreign Portfolio Investment (FPI) route: Any portfolio investments (equity, debt, etc.) by an IFSC unit in Indian capital markets are required to comply with SEBI’s FPI norms Foreign Direct Investment (FDI) route: An equity investment (not covered in the FPI route) by an IFSC unit is governed by FDI norms or as determined by DPIIT guidelines in specific sectors Foreign Venture Capital Investment: An investment in Indian start-up companies. External Commercial Borrowing (ECB) route: Any lending or debt related investments (not covered in FPI route) is required to be made in adherence to the ECB framework of RBI.

Broad framework

ODI

up to 400% of its net worth (as per the last audited Balance Sheet)

Under the regulations, subject to prescribed conditions, an Indian entity is allowed to make investment as under:

OPI

up to 50% of its net worth (as per the last audited Balance Sheet)

Entity engaged in the financial sector

An Indian entity (engaged in financial sector) seeking to invest (or make a financial commitment) in IFSC at GIFT City is required to fulfill the following additional conditions:

- Be registered with or regulated by the financial services regulator in India
- Have earned a net profit during the preceding three financial years
- Obtained approval from the regulatory authorities concerned in both India and abroad

If approval from home country is not received within 45 days, it will be considered as deemed approved.

Entity engaged in the non-financial sector

The Overseas Investment Rules provides relaxation to an Indian entity not engaged in financial services activity in India to make ODI in foreign entities in IFSC at GIFT City engaged in financial services (except banking or insurance) without meeting the 3 years net-profits requirement.

An Indian entity setting up a branch

A person resident in India, being a firm or company or body corporate registered in India, is eligible to set up a branch in IFSC at GIFT City (subject to prescribed conditions) and open a foreign currency bank account with an IFSC banking unit by making remittances from India for the purpose of normal business operations of the branch.

Currency for business transactions

All units in IFSC at GIFT City are required to conduct business in permissible foreign currency (other than Indian Rupee) by opening a foreign currency account with banks operating in the IFSC at GIFT City.

Financial institutions in IFSC at GIFT City (being persons resident outside India) shall be eligible to open and maintain a Special Non-resident Rupee account (SNRR) with a bank in India (i.e., outside IFSC) in accordance with FEMA (Deposits) Regulations, 2016⁷⁰ for defraying expenses in INR outside GIFT City, IFSC.

IFSCA has notified the following 15 specified foreign currencies for undertaking business in GIFT City, IFSC:

- US Dollar (US\$)
- Euro (EUR)

- UAE Dirham (AED)
- Russian Rouble (RUB)
- Swedish Krona (SEK)
- Danish Krone (DKK)
- Norwegian Krone (NOK)
- New Zealand Dollar (NZD)

International Arbitration Centre

In the Union Budget 2022-23, the Hon'ble Finance Minister announced that "An International Arbitration Centre will be set up in the GIFT City for timely settlement of disputes under international jurisprudence".

Consequently, an Expert Committee was formulated for drafting institutional arbitral rules for the proposed International Arbitration Centre at GIFT City, IFSC. IFSCA released a press release on 16 July 2024, providing the report of the Expert Committee⁷¹.

Highlights from the Expert Committee report

- The Centre will follow global best practices in arbitration and mediation.
- It will offer technology-enabled services like virtual hearings and e-filing.
- The legal framework is to be aligned with Indian laws while incorporating international standards.
- A broader Alternative Dispute Resolution Centre (ADRC) is proposed instead of a standalone arbitration centre, to include mediation and hybrid models.

Pursuant to the above Expert Committee Report, IFSCA organized a conference on "Developing Alternative Dispute Resolution (ADR) and International Arbitration Centre (IAC) in GIFT-IFSC" on 28 September 2024. The press release in relation to the said conference concluded as follows:

"Participants expressed optimism about the future of ADR in GIFT-IFSC, besides highlighting the need for continuous dialogue and adequate legal enablers for enabling the establishment of International Arbitration Centre under international jurisprudence."

Foreign Currency Settlement System (FCSS)⁷³

FCSS has been officially launched by IFSCA, authorized under the Payment and Settlement Systems Act 2007 and the International Financial Services Centres Authority Act 2019.

The system, operated by CCIL IFSC Limited (CIL) in collaboration with Standard Chartered Bank as the designated settlement bank, is designed to support the settlement of transactions conducted in foreign currencies, initially focusing on the United States dollar (USD). FCSS will follow a gross settlement procedure for payment obligations and settlement instructions among participants, operating from 08:00 to 20:00 IST on all business days.

The system is also compatible with ISO 20022 messaging standards to enable modern and efficient transaction processing. Membership is open to IBUs subject to the access criteria outlined in the bye-laws, rules and regulations issued by CIL.

How to set-up your business in GIFT City, IFSC

How to set up your business at GIFT City, IFSC

The Single Window IT System (SWIT) for the International Financial Services Centres Authority has emerged as a transformative digital gateway, significantly enhancing the ease of doing business within GIFT City. By integrating regulatory approvals, entity registration, and compliance workflows into a unified, paperless platform, SWIT improves operational agility for setting up a unit in GIFT City, IFSC. It enables stakeholders to seamlessly navigate multi-agency processes—ranging from SEZ unit approvals to financial service licenses—through a centralized dashboard with real-time tracking and automated validations.

This digital infrastructure not only accelerates time-to-market for financial institutions but also reinforces GIFT City's positioning as a globally competitive financial hub, aligned with India's vision of becoming a premier destination for international finance.

A broad overview of the set up process is provided below
